M. FARLAND LOSES TO JIMMY MICHAEL-AN ACCIDENT.

> Track Time Than Ever, but Delays Vex Big Crowd-Reports on Road Conditions A crowd of five or six thousand went to the Manhattan Beach track yesterday to see Jimmy Michael beat Floyd McFarland, the long-legged Californian, who won from Michael on July 4 at Philadelphia. Michael won yesterday, but it was in a manner that left no stain on the prestige of McFarland. It was a twentymile race and was nip and tuck up to the sec ond lap of the sixteenth mile, when a chair broke on McFarland's pacing machine, a motor tandem manned by H. B. Freeman and Frank Starbuck. There is severe blame to be laid somewhere because of that being the only machine that was on hand to pace McFarland. The managers said that Turville and his motor tandem had been engaged to pace for McFarland, but that Turville had failed to show up and would be reported to the N. C. A for suspension. This, however, is one of those other stories on the face of which the true merits cannot be known until they are writter out in full. The fact is that it was the second time Michael and McFarland have competed without a satisfactory result and that a third meeting is due. McFarland's victory at Philadelphia was to the nature of a fluke and yes terday Michael won by a lap and a quarter after the accident to McFarland. It was a rattling good race up to the tim

when Mac's tandem went wrong and the men from the tweifth mile rode inside of the track records every mile excepting the thirteenth, fourteenth and sixteenth, which is worth considering, because this track in the lee of the ocean breezes is not a record making course

fourteenth and sixteenth, which is worth considering, because this track in the lee of the ocean breezes is not a record making course. The fast time and the closeness of the contest aroused enthusiasm to a high pitch, but this did not alter the fact that on the whole it was a day of broken chains, verations, and inexcusable delays and disappointment to the biggest crowd of the season. The big race was carden for 5:30 o'clock, but it was nearly 6 before the pacing machines made their appearance. Then, by warming up by a few turns around the track, a chain on Michael's 'Empire State Express' tandem, ridden by Crooks and Sherer, broke and there was a further delay of about fifuen minutes while the damage was being fixed.

Both of the individual riders received a hearty welcome when they appeared. The contrast between them was striking. The "Welsh Midget' looked more childlike than ever when he lined up beside the husky Californian, whose saddle stuck up out of his wheel at least a foot in order to accommodate his lanky legs. Jimmy's bleycle looked freakier and more like a toy than ever. It had a twenty-six inche rear wheel and the one in front was only twenty-tow inches in diameter instead of twenty-four. Mac's cycle was twenty-sight inches rear and twenty-six front and, like Jimmy's, had straight forks. Michael's head, when riding, was within a foot of his rear pacing man, and when he wanted more speed he reached one hand up and audged the man. The rivals got off in good style, Jimmy being a little bit quicker to catch his pace. En let MoFarland show the way, though, and they went nearly three laps, with Jimmy trailing, when the same chain on his tandem broke again. According to agreement the race was restarted, Michael taking his extra machine with Babcock and Vetter up. McFarland was first to catch his pace this time and again took the lead. They circled the track for six miles with McFarland leading by from twe to thirty yards. Soveral times Michael essayed to pass, but later developments indicated that these

MILWAUKEE, July 14.—John Fischer and Al Newhouse were the stars at the Exposition last night, where the N. C. A. championships were being run off. Newhouse won the one-mile national professional championship, with Fischer second. The latter captured the 2:10 class, with Newhouse second. The races on the whole were quite good. N. C. Hopper had the pole in the last heat of the one-third of a mile, and won handlip. Newhouse, in the two-mile championship, had no trouble in landing the prize, but in the 2:10 class was unable to hold his own with Fischer. The best race of the evening was the two-mile amateur handload won by all-scratch men. J. H. Lake and Lester Wilson were by far the best of the entries. Summaries:

PORTLAND, Me., July 14.—The Maine Division, League of American Wheelmen, has begin war on the municipal officers of towns and cities that have not complied with the State law requiring that guide posts shall be piaced at all cross-roads. In Maine it is not difficult for strangers to become confused over the route they are following, and to avoid this the Maine Division proposes to get after the Mayors and Selectmen. A year ago Chief Consul Small sent to the Selectmen of every town a copy of a circular letter calling a tention to the State law and requesting a compliance with it. Last May a circular more emphatic in its declaration was sent out, but many towns and cities have failed to comply with the law, the city of South Portland being one of the nearest offenders. Yesterday Chief Consul Small brought suit in the name of the Maine Division against the Mayor and Al-Ing one of the nearest offenders. Yesterday Chief Consul Small brought suit in the name of the Maine Division against the Mayor and Aldermen of South Portland to recover the statutory penalty. The junction of the Rigby and Saco roads, where there is no guide board, is mentioned in the writ as the specific basis of the suit. The case will be tried in the municipal court of this city. Chief Consul Small says similar action will be taken against other towns which have not put up guide posts.

Cycler Rogers Seriously Injured at Hillside. In the final heat of the one-mile bicycle race at the Hillside A. A. meet held yesterday at Belleville a spill occurred within fifty yards from the finish between Krebs, Rogers and Hickman, the three leaders. The latter two went over the embankment and Rogers sustained serious injuries. His right eye is badly lacerated and it is feared he will lose his sight. He was attended by Dr. Philham. Krebs was blamed for the accident, as he persisted in crowding Rogers. The injured cyclist had three brothers present, and they became so enraged at Krebs that only the timely interference of the police saved him from a severe beating.

The remainder of the athletic and cycle events passed off without incident, a few being marked with close fluishes. Summary: One-Mile Bicycle, Amateur-Won by William La Due, Newburgh, Floyd Krebs, Newark, second, P. K. Simmons, Newark, third. Time, 3 minutes 11 3-5 seconds.

Philadelphia Country Club Team Wins Cedarhurst Challenge Cup. HEMPSTEAD, July 14 .- The Philadelphia Coun-

try Club's polo team won a decisive victory and the Cedarhurst Challenge Cup to-day by defeating the Rockaway Hunting Club team on the latter's course. The game was played on even terms, as each team's handicap was seventeen goals. The Rockaways had hard luck from the start-off, but for all that they were outplayed. In the first period, after La Montagne had made the initial goal, Rosengarten carried the ball down to the Philadelphia goal, and with a brilliant stroke sent the ball squarely against a post. The ball rebounded and La Montagne's pony kicked against a post. The ball rebounded and La Montagne's pony kicked it through. La Montagne then collided with Rosengarten and the latter fell, but was unhurt. To follow up this, Savage accidentally made a goal for the Philadelphians.

In the second period Rockaway had a slight advantage, making two goals to their opponent's one. The third, however, was a walkover for the Philadelphians, they making four goals while Rockaway lost a quarter goal on a safety. In the last period Rockaway made a feeble rally and scored three goals, but the opposing four were still playing strong and made four more goals besides forcing Rockaway to make another safety play. The line-up, handicaps and summary follow:

Philadelphia Country Club.—J. B. Lippincott, Jr. 4; M. G. Rosengarten, Jr. 4; A. E. Kennedy, 5; J. Frank McFadden, 4. Total, 17.

Haverford Defeated by the Public School Team of Wine

WINCHESTER, England, July 14 .- The cricketers of Winchester College, the oldest public school in England, opposed the Haverford College team from Philadelphia here to-day, and a grand contest took place. Winchester is the only school team except Harrow that plays Eton. The boys put up a stiff game for the Americans and won by 81 runs and 4 wickets. The game was really much closer than this score would indicate. At one time, when R. H. Patton and W. W. Justice got together, it seemed as though the visitors were once again to have the better of their English cousins. Patton played prettily for twenty-two and Hinchman, before he was disposed of, put 57 to his credit. The rest of the team, with the exception of A. C. Wood and W. V. Dennis, both of whom added double figures, were easily disposed of, and the total reached only 125.

Winchester then went in for good, even batting. Most of the men who appeared at the wickets had little trouble to make runs, and only two falled to score double figures, with H. C. MoDonnell leading with 44. A feature of the game was the bowling of Capt. MoDonnell, who captured eight wickets at a small cost. The score:

Local Games of Cricket. The Parade Grounds at Prospect Park was the scen yesterday of four good cricket matches, in which eighty-eight players were actively engaged. With scorers and umpires the number of those who particl pated in these games was 104. The chief attracti was the return league contest between the New York and Manhattan clubs. Fine batting was done, bu the bowling was weak. The result was a draw. W. Adam and W. V. Hughes batted finely for their respective teams, while good work was also done by F J. Prendergast and H. Tattersall. The following in

J. Prendergast and H. Tattersail. The following is the score: Manhattan, 170; New Yorks, 131, for six wickets.

The Kings County and Brooklyn clubs had an exciting game in the championship series of the New York Cricket Association, and the Kings County parn treated their opponents to a surprise by winning by the narrow margin of eight runa. G. Barnes bowled spiendidly for Kings County at a critical time, and with the exception of A. S. Durrant and J. Pediow, who made a fine stand, the Brooklyns of fered little resistance. The totals were: Kings County 94; Brooklyn, 86.

The Paterson team in the championship game of the New York Cricket Association defeated the Manhattan second cleven by the tremendous margin of 154 runs and two wickets to; spare. With the exception of A. G. Shingler, who played good cricket for 20, the Manhattan battmen were at the mercy of Dodds and Clarkson, the Paterson bowlers. The former proved particularly effective and captured six wickets for 12 runs. The totals were: Manhattan 31; Paterson, 185.

The second teams of the Brooklyn and Kings County clubs were scheduled to play at Prospect Park. The kings County men failed to muster a team, however, and Brooklyn played a club match between teams under the captaincy of R. Harrand and W. B. Kelly, in which the latter won by 50 runs. The totals were: R. Harrand's team, 60; W. B. Kelly's team, 110.

He may be a hard hitter, but I can hold my own at that game, too. I expect to be the lightweight champion by Monday night."

Erne is also betting on himself. He thinks it is all over except the explanations. Erne's manager visited his man at fair Haven, N. J., yesterday. He says that Frank is in splendid shape and that the Buffalo boy's friends can expect to get a good run for their money.

Now that it has been proved that Erne can make the weight, the fight, from a speculative standpoint, becomes all the more perplexing. Good judges of boxing point to the match as one of the most evenly arranged affairs of the year. Many would liked to have seen the battle for twenty-five rounds instead of ten. Erne has the worst of the battle. He must knock McGovern out to win. If he fails to do so the decision will go against him, no matter how much he outpoints the featherweight champion.

At the Brighton Beach racetrack yesterday

much he outpoints the featherweight champion.

At the Brighton Beach racetrack yesterday the betting was at even money. Max Hirsh, the bookmaker, has \$2,500 to bet on McGovern. Bob Smith, owner of Col. Rocesvelt and Greyfeld, and former manager of Erne, yesterday wagered \$500 at evens that Erne would win with a knockout. Digk Roache, the referee and horseman, says it is hard to pick a winner. He thinks the fight will go the limit. Kid McCov, who will be one of Erne's seconds, is of the opinion that it is a "pipe" for Erne. Fred Taral, the jockey, says the mill will last ten rounds and that the betting shows how difficult it is to predict the victor. Eddie Kennedy and Frank Burgess have plunged heavily on McGovern's chances.

SWEET LAVENDER IN FORM GOLDFINCH PILLY WINS VENUS STAKES AT BRIGHTON BEACH.

Mayor Gürey Captures a Sprint in Fast Company - Measurest Soundly Beaten by Motley and McMeekin-Intrusive Scores an Expensive Victory for L. Waterbury. The second Saturday of the Brighton Beach Racing Association meeting almost rivalled the first in point of attendance and fell little short in the matter of attractiveness. When the sport opened yesterday the stand promenade and field held an enthusiastic half-holiday audience of nearly 10,000. There was no parallel to the now historic Brighton Handicap on the card, but a stake for two-year-olds at five and a half furlongs, another for steeple-

chasers over the full course, and a handicap for all ages at six furlongs made up a programme deserving of the liberal patronage. The weather was ideal, as a refreshing overland breeze tempered the July sunshine and toned the track up to record shape. Only two favorites pulled through, but the holiday crowd who followed Shaw and Maher fared unusually well as each of these jockeys landed two winners, a second and a third.

With Voter and Heliobas not in the game, Bendoran looked like ready money for a time. but he receded in the betting from 8 to 5 to 2 to 1, while Firearm remained steady at threes, and Mechanus, Mr. Jersey and Lady Uncas were backed down. Mayor Gilroy at the tempting odds of 10 to 1, alternated in the lead with Mr. Jersey. The other dangerous factors became anchored in pockets, but Maher forced his way through with Mechanus. Firearm followed him and a grand finish ensued, with Mayor Gilroy, Mechanus, Mr. Jersey and Fre-arm heads apart at the line. Bendoran had apparently left all his speed in the stable and he scrambled in seventh on three legs. He was very lame going back to his stable and this may account for his poor showing, although more uncharitable versions were affoat.

Bounteous again ran magnificently for Maher in the second race, which was exclusively for two-year-old colts and geldings at five furlongs. The consistent son of Galore was overe looked in the betting owing to hysterical plunger on Tom Kenny, Maximus, Operator, Sweet Tooth and Remsen, but he slipped the field after flagfall and, stailing off the repeated challenges of Maximus, won out by a neck in time which tied the track record made by Watercolor on July 10. The others, including the favorite, were run off their feet.

Then came a popular shift in the order of running, which brought the Punchestown Steeplechase Stakes up as the third event. All of the six overnight candidates answere fered little resistance. The totals were: Kings County, 24; Brootlyn, 36.

The Pajerson team in the championship game of the New York Cricket Association defeated the Manhattan second eleven by the tremendous margin of 154 runs and two witests to; space. With the exception of A. G. Shingler, who played good cricket for 154 runs and two witests to; space. The former proved particularly effective and captured all wileyets for 12 runs. The totals were: Manhattan, 31; Paterson, 186.

The second teams of the Brooklyn and Kings County clubs were scheduled to play at Prospect Park. The hings County mentalised to mister a team, however, and the latter won by 50 runs. The totals were: R. Harrand's team, 60; W. B. Kelly; is team, 110.

ERNE-M'GOVERN CONTEST.

Fighters Will Not Train To-day—The Betting Again at Even Figures.

Both Terry McGovern and Frank Erne will not do any hard training to-day. Erne's weight still vaccillates between 12615 and 12715 pounds and the lightweight champion is of the opinion that he will remain at these figures until the time to weighin arrives. McGovern says that he does not tip the beam at more than 126 pounds. Those who are conversant with his condition, however, say that the bantamweight champion weighs over the limit and that he has had hard work to keep below this scale. McGovern is so confident of putting Erne away before the tenth round that he has wagered \$1,000 on his chances. He is preparing near old Fleetwood Park. Terry said yesterday:

"I think I will beat Erne as quick as I have all my other opponents. I have met boxers just as clever as Erne and have defeated them. He may be a hard hitter, but I can hold my own at that game, too. I expect to be the light-roof of the may be a hard hitter, but I can hold my own at that game, too. I expect to be the light-roof of the mark set up by Prince of Melbourne on July 12. Summary:

Professional Foot Race at Worcester.

WORCESTER, July 14.—A professional match race at 100 yards between Patrick] H. Fadgen of Chnton and Edward Piper Donovan of Natick took place at the Worcester oval this afternoon and was witnessed by 1,500 people. The stakes were \$500 a side and the gate receipts, which amounted to \$400 more, went to the winner. The Worcester men were bet to a standatill at odds of 10 to 8 on Fadgen, who took the lead at the start and won in 10 seconds.
